A \$25,000 COLLEGE PRESIDENT.

Considerable comment has been occasioned by the fact that Dr. Burton, new president of the University of Michigan, is paid a salary of \$25,000 a year, more than double that received by the head of any similar institution in this country. That a prosperous bank or industrial concern should pay such a salary to its responsible directing officer would arouse no discussion anywhere. It would be regarded as a commonplace incident. Every large city also has its quota of lawyers and surgeons and engineers who earn annually at least the sum mentioned. But it is considered surprising that an educator should draw \$25,000 a year merely for directing the education of a few thousand American youth and maintaining the university "plant" in a high state of efficiency.

This mental attitude of the public is eloquent of its appraisal of the real value of academic education. It thinks nothing of the fact that a motion picture comedian should receive an income in the neighborhood of a million dollars a year, or that actors on the speaking stage and authors of best-selling novels should be lavishly remunerated. Among our popular newspaper cartoonists is one young man of limited art education who has been at the game only a few years and is now receiving \$26,000 a year—a far smaller sum than some of his colleagues of greater vogue are earning. But without undergoing an extensive ordeal of preparation and training for his work, he has leaped into an income larger than that enjoyed by any university professor in the country. And he is far from being a leader of his profession.

Michigan has set an example in showing that the college president is worthy of his hire that many another sister institution might follow to its own profit and to the benefit of the cause of higher education in the United States.

Having inherited 10 million dollars from the former Empress Eugenie, Prince Victor Bonaparte, pretended to the French throne, will probably conclude that sum is much more preferable to a throne these days.

Mr. Cox will be notified of his nomination Saturday. There is a possibility, however, that he may have already learned of the occurrence through one of his newspapers.

The Georgia legislator who introduced a bill to require women's bathing suits to cover their shoulders and knees is—well, he's just that kind of a man.

Archbishop Mannix will not be permitted to land in England, it seems, because he landed on England.

There is said to be a scarcity of movie scenarios, which probably will be an excuse for a new raise in the price of shoes.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says Nothing Like Plain Argo-Phosphate to put on Firm, Solid, Stay There Flesh and Muscle and Increase Strength, Vim, Vigor and Nerve Force.

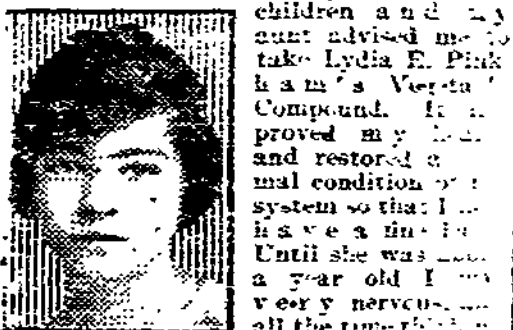

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate. It is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat. If you wish a more rounded figure and plump well-developed arms,

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to be a child."

Lydia E. Pinkham's Vegetable Compound. It proved my health and restored my normal condition. I had a very nervous system and all the time I was in a state of nervousness. I heard of Lydia E. Pinkham's Vegetable Compound and I wanted to know if it would help me. I took it and it helped me wonderfully. You may publish my letter as the medicine is surely great. Mrs. J. V. Banta, R. R. No. 4, Box 24, Washington, Ind.

In many of our homes, once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal healthy and strong.

neck and bust in place of hollows. You should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear. Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE:—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale of argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight.

ENGINEER ON NEW BRIDGE OVER MONONGAHELA RIVER SAYS REESE FORMULA R-11 BEST MEDICINE MADE

Harry Pearl, of Rivesville, W. Va., Engineer on New Bridge Says It Has Done Him More Good in a Short Time than All the Medicine He Has Taken in Life Time

Harry Pearl, engineer on the New Bridge over the Monongahela River, is back on the job and working every day, thanks to the Reese Formula R-11. Mr. Pearl has been suffering for years from stomach trouble, heartburn and indigestion which would not allow him to sleep at nights. There would be an accumulation of gas on his stomach. He was nervous and constipated and at times was unable to attend to his duties. He began taking Reese Formula R-11 on advice of his friends with the following results: "Many people had told me of the great merit of The Reese Formula R-11, so at last I purchased two bottles from Cope's Drug Store," says Mr. Pearl. "After the first few doses I began to feel better; my appetite returned; I could sleep fine; had no signs of indigestion, my constipation disappeared and, I have been able to work every day. I certainly want to recommend The Reese Formula R-11 for it has done more for me than all the medicines I have taken in my life time." You too will praise The Reese Formula R-11 if you will only get a bottle. It works wonders in cases of indigestion, nervousness, sleeplessness, rheumatism, constipation, backache, kidney, urinary, bladder or female troubles. Stop putting it off. If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va.

"All right, Bill— You can stop reading 'em"

BILL TOLD me.
HE HAD a good joke.
ON THE maker.
OF A well-known brand.
OF CIGARETTES.
LAST NIGHT, Bill said.
HE READ an ad.
OF THIS cigarette.
IN A magazine.
IT SAID "They Satisfy."
AND THIS morning.
IN HIS newspaper.
HE READ "They Satisfy."
AND ON a billboard.
AND ON a card.
IN THE street-car.
AND IN the dealer's window.
AND ON the counter.
HE READ "They Satisfy."
AND HE bought a pack.
OF THESE cigarettes.
AND I asked him.
"WHERE'S THE joke, Bill?"
AND BILL said.
"WHY THE darn fools.
SPENDING THEIR money.
PICKING ON me."
SO I said, "You bought 'em.
DIDN'T THEY satisfy?"
AND BILL said "Sure.
BUT HERE'S the joke.
FOR OVER a year.
I'D ALREADY been smoking
THAT BRAND."

WE admit it, the joke's on us. And over three million other smokers are "in on it" with Bill. But the real joke is on anybody who looks for "Satisfy" anywhere but in Chesterfields—for the Chesterfield blend can't be copied!

TWO CENTS

JULY MAKES A NEW RECORD IN COAL AND COKE SHIPMENTS

**Tonnage for Past Month
Goes Far Ahead of
June Figures**

ONE NEW BOAT IN COMMISSION

Coal and coke shipments through Lock No. 4 for the month of July exceeded all former records in the history of the local lock. The figures furnished by Lockmaster Sweeney to the Government officials show that during the past month a grand total of 41,832,450 bushels of coal and coke were out through from the Fourth pool, an excess of 394,450 bushels over the preceding month of June.

When the May record was posted it was believed that was the high mark for the year, but when the June figures were made public it was seen that the May shipments had been exceeded by a good margin. Rivermen and locktenders surely thought that June would hold the ribbon for some time, as the National holiday of the 4th of July always cuts quite a figure in production. However, with the fourth and fifth days of the month, as well as the sixth, practically barren of shipments, the July figures make the most imposing record ever established for coal and coke shipments through the local lock.

While these figures are large, it is not impossible that they will be exceeded during the present month. The Carnegie Steel company has placed a new steamer in commission, the Clairton now being regularly entered in the trade, while the Monitor which is now on the ways at Coal Valley, may be back in the trade during the next few weeks. Once the full strength of the Carnegie fleet is in commission the results are going to be shown in an impressive way by the increased tonnage which will be sent down the river.

During the past month the steamer Sailor, which was wrecked last winter at No. 3, was placed in commission, while the Vesta, which was wrecked in a wind storm near Allentown, was taken to the marine ways at Floreffe on Monday.

The reports made to the government engineers by Lockmaster Sweeney is as follows:

Going down—Lockings, 723; steamer 433; boats and barges, 2205; raft, 1; other craft, 20; bushels coal 41,171,000; bushels coke 391,450; other products, 118 tons; timber 22,000 cubic feet; lumber, 175,000 feet board measure; merchandise 2454 tons; passengers 17.

Going up—Lockings 708; steamers 432; boats and barges 2224; other craft 18; bushels coal 270,000; iron products 75 tons; sand 12,000 bushels; timber 9,706 cubic feet; lumber 120,000 feet; merchandise 404 tons; passengers 43; rainfall for month, 4.16 inches.

Born—To Mr. and Mrs. Harry J. Chester, August 3rd—a son.

GLASS COMPANY PAYS A BIG DIVIDEND

At a meeting of the stockholders of the Brownsville Window Glass company, held at the company offices in West Brownsville last week, a cash dividend of 100 per cent in cash was declared. This company has a 60-pot plant, and is what is termed a hand factory; that is, the ware is not blown by machinery. It is also a plant that has all the natural gas it can use for manufacturing purposes. During the past year the company enjoyed an unusually prosperous business.

TWO MEN INJURED IN CYCLE WRECK

George Gilmer of Webster and John Gideon, a roller in the Donora steel mills, are in the Memorial hospital at Monongahela as the result of a motorcycle accident which occurred about 2 o'clock Monday morning in Webster hollow. Gilmer has a fractured skull, a broken jawbone and is otherwise bruised, from which he may die, while Gideon has a broken arm, a broken leg and a number of other bruises and contusions which are quite painful. The two men were riding on a motorcycle down Webster hollow at the time mentioned, when they passed a machine driven by John Gillingham. Gideon turned to wave at Gillingham, when he lost control of his cycle, which went crashing over the side of a concrete bridge and plunged into an engine house at the foot of the slope. Both men were picked up by Gillingham and others and hurried to the hospital, where the full extent of their injuries were ascertained.

SPEERS P. R. R. AGENT RECEIVES PROMOTION

W. A. Patterson, who has been the Pennsylvania railroad ticket agent at Speers, has been promoted to serve as chief clerk for the supervising agent of the Monongahela Division, with headquarters at Uniontown. He assumed his new duties at Uniontown on the first of August, to which city he will move with his family.

\$200,000 Damage Done by Storm at Donora Steel Works

The wind-storm of last Saturday evening, which was one of the most severe that ever visited this section of the valley, caused damage to the extent of about \$200,000 at the Donora Steel Works. One of the big traveling cranes at the ore pit, at the blast furnace, was caught in the high wind and before the operator could get the machine under control it was carried along the runway with such force that it crashed into a second big crane at the lower end of the yard. The impact was so terrific that the moving crane was lifted from the tracks and sent crashing into the ore pit below a distance of about 40 feet a complete wreck. The other crane was also badly damaged by the crash and put out of business, while the bridge structure on which the two cranes run is said to be so badly

damaged that it will have to be replaced.

A party of steel officials were at the Donora plant on Monday, making an inspection of the wreck, and making arrangements for immediate repairs. All of the bridge work, and one crane will have to be replaced, which will require several months' work. In the meantime the company has 150 cars of iron ore in the yards which a team of men will have to unload with the aid of additional labor.

James Rucroft, an officer on the crane at the time of the accident, had all his teeth knocked out, his jawbone fractured and otherwise severely injured and bruised in the crash, while Roy Smedley, the operator was badly cut and bruised in the accident. Two other workmen on the crane at the time escaped injuries by jumping.

JURY EXONERATES ENGINEER OF BLAME

Coroner William Greenlee was in Donora last Thursday afternoon, at which time he conducted an inquest to inquire into the death of the three boys who were run down and killed by a southbound passenger train on the Pennsylvania railroad at the north end of that borough on July 7th. The engineer and fireman on duty at the time of the accident were called, as witnesses and both testified as to efforts of the engineer to avoid the accident. Eyewitnesses of the tragedy were also examined, and after hearing their testimony the jury returned a verdict exonerating the engineer from all blame, at the same time adopting a recommendation that parents exercise a closer supervision of the movements of their children to the end that trespassing on railroad tracks be reduced to a minimum.

ASKED TO ENFORCE DOG LAW PROVISIONS

Local justices of the peace and other officers have received a communication from Fred Rasmussen relative to the requirements of the dog law and its enforcement. The communication from the state secretary of agriculture states that officials must see to it that dogs have the proper license and that they are "kept under proper control."

The agriculture secretary suggests that brief records of all prosecutions be filed with the department, showing the names of the prosecutor, name and address of defendant, charge disposition, fine, costs and date. Officers are also asked to notify the department concerning the manner in which the law is carried out.

IMPOSE HEAVY FINE FOR RECKLESS DRIVING

Frank Hixon of the Redline municipality located between Fayette City and Pottsville, who was arrested Saturday night for reckless driving of his automobile while in an intoxicated condition, was given a hearing before Burgess Woodward Monday evening. The charge was made by Chief Albright, and the Burgess, after hearing the evidence in the case, and a plea from Hixon that he was sorry for the occurrence, imposed a fine of \$100 and costs, making a total of \$102.00. In addition Hixon paid \$10 additional for breaking a silent policeman at the corner of McKean avenue and Fourth street, as well as \$7.00 to a pedestrian whom he hit with his machine during his reckless driving period Saturday evening. All of these amounts Hixon paid and after securing his machine, left for his home, after promising that "never again" would he run his automobile while in an intoxicated condition.

SPEEDERS WARNED TO QUIT PRACTICE

Several complaints have reached the police during the past few days, that automobile drivers, taking advantage of the improved condition of McKean avenue between Fifth and Eleventh streets, have been speeding up their machines on that stretch of highway. Chief Albright said this morning that the practice must cease at once, otherwise an officer will be placed on duty there to report all speeders, who will likely receive a stiff fine at the hands of the local authorities.

Born—To Mr. and Mrs. Robert J. Rue of Monongahela City, August 1, a daughter, Jean Lenora. Mrs. Rue will be remembered as Miss Lenora Webster of this city.

FREIGHT EMBARGO SLIGHTLY MODIFIED

To afford relief from the freight embargo but in no wise cancelling it, the Pennsylvania Railroad officials announced on Monday that authority had been given to accept on Monday, Tuesday and Wednesday night and less than carload lots of freight, except lumber, hay and cotton, originating at all Pennsylvania System points when destined only to Pennsylvania Railroad, New York and Brooklyn stations.

WAGON OPERATORS TO FILE COMPLAINTS

Claiming that their business is practically ruined by refusal of the railroads to provide them with cars, wagon mine operators in Western Pennsylvania, West Virginia and Eastern Ohio, are combining to file complaint with the Interstate Commerce Commission. They want to learn "where they stand" to use the words of an operator. A large number of wagon mine operators are concerned in the movement.

The wagon mine men are disturbed over a recent order of the Pennsylvania and B. & O. railroads, refusing to place any self-clearing gondolas or hoppers or any cars of the mill type on either public or private sidings. If this order should be strictly enforced the small mine owner will be forced out of business, and in some quarters there is talk of entering suit against the railroads. The action of the railroads is looked upon by these small operators as an outrage. They contend they have as much right to cars as the large operators, and having their money invested in these enterprises, are entitled to consideration from the transportation lines. It is said that under this order the Pennsylvania will even refuse to furnish box cars.

SPECIAL HONOR TO A LOCAL PASTOR

Rev. John R. Burson left this morning for Chautauqua, N. Y., where he expects to spend a part of his vacation. From August 8th to 15th is "Music Week" of that institution and this year the New York Symphony Orchestra is the attraction. That week is looked upon as the "highwater" mark of a season. Each denomination makes much of the opportunity by holding a special service in their headquarters on the Sabbath of that week. Dr. Yearance of New York City, is the chairman of the Presbyterian Division, and Rev. Mr. Burson has been selected as the speaker for that denomination. There is usually 15,000 people on the grounds at that time so each denomination is sure to have large audiences.

FIRST OPERATION SUNDAY NIGHT

Charleroi enterprise has placed the largest electric light sign in the world in the city of Pittsburgh, and this new feature is now flashing out its evident advantages to advertisers every night of the week.

The big sign, which has been under construction for several months, is the invention of T. L. Dainty of Charleroi, and is owned by the Electric Alter-Ad Company, made up exclusively of Charleroi business men, who are backing the enterprise to be a winner. This sign, which is 750 feet long and 20 feet high, is located along Grandview avenue, in the Duquesne Heights section of Mt. Washington, high up on the hillside overlooking the city of Pittsburgh. In its construction over twenty miles of wire were used, and it is operated by a specially constructed machine, which makes the alterations in the various advertisements which it displays. This new altering machine is quite an improvement over the one which operates the big sign opposite Charleroi, the design having been drawn by an electrical engineer along original lines furnished by Mr. Dainty.

The company had quite a fight in securing the location along Grandview avenue, but finally succeeded in their purpose. Many people opposed them because they feared their view would be shut off, and while a portion of the avenue is shut off from the outlook at that point, the company finally succeeded in overcoming all objections and the work of construction went ahead. The sign was all ready for business the latter part of last week, and on Sunday evening the machine was placed in operation for the first time. A couple of members of the company viewed the sign from many vantage points in the city during the evening, and found that it measured up to all their expectations. It was visible from every section of the downtown part of the city and for quite a distance into the outer portions—in fact, wherever Mt. Washington is visible in Pittsburgh the new sign of the Alter-Ad company shows up as the most conspicuous feature. The promoters of this enterprise expect to be quite successful in this undertaking and it is not improbable that other signs of a similar character will be erected at vantage points in other large cities of the country.

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.
A JOINT RESOLUTION

Proposing an amendment to section eleven of article seven of the Constitution of Pennsylvania.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

Amend section eleven, article sixteen of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No corporate body to possess banking and discounting privileges shall be created or organized in pursuance of any law without three months' previous public notice, at the place of the intended location, of the intention to apply for such privilege, in such manner as shall be prescribed by law, nor shall a charter for such privilege be granted for a longer period than twenty years," so that it shall read as follows:

The General Assembly shall have the power by general law to provide for the incorporation of banks and trust companies and to prescribe the powers thereof.

Number Two.
A JOINT RESOLUTION

Proposing an amendment to article nine, section eight of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That article nine, section eight, be amended to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided here-in and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law.

In ascertaining the borrowing capacity of the city of Philadelphia, at any time there shall be deducted from such debt so much of the debt of said city as shall have been incurred, or is about to be incurred, and the proceeds thereof expended, or about to be expended, upon any public improvement, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, if such public improvement or public utility, or part thereof, whether separately or in connection with any other public improvement or public utility, or part thereof, may reasonably be expected to yield revenue in excess of the interest and sinking-fund charges thereon.

The method of determining such amount, so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking-fund to be in equal graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works or utilities of any character, from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section two, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

SEEKING FACTS IN A DONORA MURDER

Whether there is or is not a mystery attached to the shooting of Alex Moki at the home of William Tobin, June 28 in Donora, is a question which county authorities are determined to have answered before the case is presented to the grand jury this month.

On Friday last representatives of the District Attorney's office were in Donora interviewing witnesses, particularly with regard to the shooting as told by Tobin shortly afterward. The county authorities are also seeking for the empty shells from the Winchester rifle with which the killing was done, but thus far have been unable to find all of them. There appears to be a doubt expressed that Moki was in the chicken coop prior to the shooting or

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One-A.
A JOINT RESOLUTION

Proposing an amendment to article three (iii) of the Constitution of the Commonwealth of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That article three be amended by adding thereto the following:

Section 3. The Legislature shall have power to classify counties, cities, boroughs, school districts, and townships according to population, and all laws passed relating to each class, and all laws passed relating to, and regulating procedure and proceedings in court with reference to, any class, shall be deemed general legislation within the meaning of this Constitution; but counties, cities and school districts shall not be divided into more than seven classes, and boroughs into not more than five classes.

Number Two-A.
A JOINT RESOLUTION

Proposing an amendment to article three, section six of the Constitution of the Commonwealth of Pennsylvania, so that the subject of an amendment or supplement to a law and the subject to which such law is extended or on which it is conferred shall be clearly expressed in its title.

Be it resolved by the Senate and the House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

The section six of article three be amended so as to read as follows:

Section 6. No law shall be revised, amended, or the provisions thereof extended or conferred, by reference to its title only. So much thereof as is revised, amended, extended or conferred shall be re-enacted and published at length, and the subject of the amendment or supplement and the subject to which such law is extended or on which it is conferred shall be clearly expressed in its title.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That section one of article eight, which reads as follows:

"Section 1. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

"First. He shall have been a citizen of the United States at least one month.

"Second. He shall have resided in the State one year (or, having previously been a qualified elector or native-born citizen of the State, he shall have removed therefrom and returned, then six months), immediately preceding the election.

"Third. He shall have resided in the election district where he shall offer to vote at least two months immediately preceding the election.

"Fourth. If twenty-two years of age and upwards, he shall have paid, within two years, a State or county tax, which shall have been assessed at least two months, and paid at least one month before the election," be amended so that the same shall read as follows:

Section 1. Every citizen male, or female of twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

"First. He or she shall have been a citizen of the United States at least one month.

"Second. He or she shall have resided in the State one year (or, having previously been a qualified elector or native-born citizen of the State, he or she shall have removed therefrom and returned, then six months), immediately preceding the election.

"Third. He or she shall have resided in the election district where he or she shall offer to vote at least two months immediately preceding the election.

"Fourth. If twenty-two years of age and upwards, he or she shall have paid, within two years, a State or county tax, which shall have been assessed at least two months and paid at least one month before the election.

"Fifth. Whenever the words 'he' and 'himself' occur in any section of article eight of this Constitution, the same shall be construed as if written, respectively, 'he or she' and 'himself or herself'."

COUNTRY'S FLOATING DEBT IS ALL PAID OFF

Friday afternoon last the county treasurer paid in full, with interest, a note given by the proper officers of the country on July 1, for the purpose of meeting current expenses until the tax moneys of 1920 should become available. The proceeds of this note were ample to provide funds for all payments due in July. The redemption of the note on Friday cleans up all the "floating debt" that the present board of county commissioners found it necessary to assume in order to get the county upon a stable basis and to preserve its credit.
